A 'Sign Up' button is visible in the bottom right corner.

This will take you to the following screen:

The main content area is titled 'The Obesity Society - Membership Login' and contains a 'Please Log In.' section. Below this section are two input fields: 'Login Name:' and 'Password:'. There are 'Cancel' and 'Login' buttons. At the bottom, there is contact information for Membership Services: 'The Obesity Society - Membership, 8630 Fenton St. Suite 814, Silver Spring, MD, 20910, membership@obesity.org, PHONE: (301) 563-6526, FAX: (301) 563-6595'.

**Step 3:** Log in with your username and password.

**Step 4:** Select the final link on the member home page, "*Obesity, The Official Journal of The Obesity Society*" to access the journal. This link will take you to the journal hosted on the Nature website. Members will be able to view full text and PDF content without being prompted to log in with a username and password.

\*If you are unable to access full text and PDF files for the journal and are using Norton AntiVirus 2004 or 2005, you will have to follow the additional steps below:

I. Open Norton Internet Security (Double click the blue-green 'globe' icon in the system tray at the bottom right of your screen.) 2. Click the 'Privacy Control' link on the Norton Internet Security Control Panel, then click 'Configure'.

II. Click 'Advanced' on the 'Privacy Control' window that appears.

III. Click 'Add Site' on the 'Advanced' window that appears. Enter: [www.nature.com](http://www.nature.com) on the 'New Site/Domain' window that appears and then click 'OK'.

IV. On the right-hand side of the 'Advanced' window, under the 'Global Settings' tab and under the section: 'Information about visited sites', uncheck 'Use Default Settings' and click 'Permit'.

Once [www.nature.com](http://www.nature.com) has been added as a permitted website, please log into the Obesity Society's website and follow the four steps mentioned above.

**Important Note:** The journal must be accessed by all Obesity Society members via the welcome screen, using the four steps outlined in this document. Referral access will not work if members try to access the journal from the links on the homepage of <http://www.obesity.org>. Referral access has been set up via the members' area only.
